[pointer.co.uk](https://www.pointer.co.uk)

WHO ARE POINTER?

Pointer Ltd are specialist security integrators, which means that we design, install and maintain electronic security systems across the UK for high-value customers. We provide IP Video, Access Control, Networking, Intruder Alarms, Fire systems and more to our customers.

Multiple Industries:
Government Buildings
Prisons
Utilities
Retail
Universities
and more

Multiple Partnerships:
Samsung
Panasonic
Cisco
Nedap
Axis
and more

Apprentices are an important part in our business and we have trained our own apprentices for over 40 years.

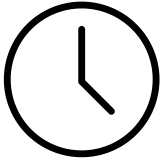

Pointer are an SQA approved training centre where we have purpose built facilities to train our apprentices in the knowledge and skills required to become a security engineer.

We were awarded the SME (Small-Medium Enterprise) Apprenticeship Employer of the Year 2022!

We value different perspectives, skills and experiences.

We're creating an inclusive working culture where people from all backgrounds can succeed. That's why we welcome applications from all parts of the community.

What does a Pointer apprenticeship involve?

**Core hours - 8.30am-5pm
Monday to Friday**

**3 Years Vocational and
Practical Training**

**You will learn about the
installation and service of:**
