PEACE OF MIND  
SINCE  
**1972**

# Who are Pointer?

Pointer Ltd are specialist fire and security system integrators, which means that we design, install, integrate and maintain electronic fire and security systems across the UK for high-value customers. We provide IP Video, Access Control, Networking, Intruder Alarms, Fire systems and more to our customers.

**Inverness**

**Washington**

**Coventry**

**Portsmouth**

Apprentices are an important part in our business and we have trained our own apprentices for over 40 years.

We were also honoured to be named the SME Apprenticeship Employer of the Year 2022!

We value different perspectives, skills and experiences. We're creating an inclusive working culture where people from all backgrounds can succeed. That's why we welcome applications from all parts of the community.

## Multiple Industries:
